Education

- Faculty of Engineering and Technology, Agra — *2022-2026*
  Bachelor of Technology (Computer Science) — CGPA: 7.2
- Saraswati Vidhya Mandir Kamla Nagar Agra UP — *2022*
  Intermediate — Percentage: 72%
- MD Jain Inter College, Hariparwat, Agra — *2020*
  High School — Percentage: 70%

Personal Projects

Snake & Tennis Game Development | C++ | Raylib

- Developed interactive 2D Snake and Tennis games using C++ and Raylib, applying object-oriented programming principles to create modular, maintainable code.
- Implemented real-time movement, keyboard controls, collision detection, scoring, and level progression.
- Refined game logic and event handling through debugging and problem-solving.

ATM Management System | C++17, OOP, STL, DSA

- Developed a console-based ATM application supporting account creation, PIN-based authentication, balance inquiries, deposits, withdrawals, and fund transfers.
- Implemented account lookup using unordered_map and applied object-oriented programming principles to organize account and transaction operations.
- Added file-based persistence across application restarts, transaction history, input validation, and safeguards against withdrawals exceeding the available balance.

Landing Page & Website Clone | HTML, CSS

- Built a responsive landing page and website clone using HTML and CSS, with clean layouts and user-friendly navigation.
- Implemented page structures, styling, typography, and visual elements to create a cohesive user interface.

Technical Skills and Interests

Programming Languages: C, C++

Coursework: Object-Oriented Programming, Data Structures and Algorithms

Web Technologies: HTML, CSS

Interests: Image processing, mathematics, problem-solving

Achievements and Awards

- Secured fourth place in the internal hackathon held at FET, Agra College.
- Participated in the National Student Paryavaran Competition (NSPC 2025).
- Participated in a National Service Scheme camp.
- Attended the IEEE-sponsored National Systems Conference.
